

The ARC of Dallas

The Arc of Dallas gives special recognition to some extraordinary individuals who have demonstrated a level of generosity and support that has had a significant impact on organization. We like to call these individuals Arc Angels.

CHRISTOPER BIGBIE, BIG B CREATIVE - A master of his profession and a highly creative talent, Christopher has spent numerous hours developing a 50th anniversary video for our celebratory dinner. He has a knack for understanding the message and delivering it in a video experience that is both memorable and effective.

While he has many notable clients on his resume, to our great fortune he chose The Arc for his first venture into non-profit.

Christopher, we are grateful to you for your incredible professionalism, your intense work ethic, and your willingness to partner with us on this important project.
